Installation Approval Form

Thank you for choosing AirFiber Broadband Internet Service!

In order to ensure you have the smoothest installation and service experience possible if you do not own the residence, or building in which you intend to have AirFiber installed we require that you obtain the building owner's approval prior to any installation.

Please be advised that landlord approval is required with multi-tenant apartment buildings, or rented dwellings.

You should carefully review your lease agreement to determine if you have the right to make such modifications. If landlord approval is required for the installation please provide this signed form to AirFiber before the installation can be scheduled.

If the landlord verbally gives you permission or if landlord approval is not required pursuant to your lease or rental agreement please complete section B below.

By providing this signed form to AirFiber Inc. you are granting AirFiber permission to install your new service and to de-install service equipment after your AirFiber service agreement has ended.

The signed permission form releases AirFiber, Inc,(including any installation technician) from any liabilities related to damages your landlord may claim as a result of an alleged violation of your lease/rental agreement as it relates to the installation of you new AirFiber Broadband service.

Should your landlord only approve the AirFiber installation subject to special requirements that make the actual install more expensive (or exceeds what AirFiber offers as part of it's standard professional installation), you will be asked to pay a corresponding charge to be agreed upon by you and AirFiber for the additional services.

In addition, please note that technical issues may still prevent installation of your AirFiber service. Though this is rare, challenges such as poor connectivity to our transmission facilities, or structural concerns/issues that prevent installation of AirFiber service, in which case any financial obligations will not be required on your part.
